'You must understand," said the Jus-"that every man has a right to work in this country and to pursue his avocation without molestation from any

work whether it be contrary to your wishes or not.

"You have violated the law in interfering with men engaged in a peaceful occupation and you deserve no sympathy. If you are so ignorant that you don't know this fact then it is time you made yourselves better acquainted with our institutions for your own welfare. It is very probable that a further complaint of rioting may be made against you. That is a State prison offense."

The prisoners were the leafers of the mob that looted Auger's dye shop yesterday. All of them made speeches, it is alleged, of the most incendiary character, advising that force be used if necessary, and violence be resorted to to bring the employers to terms.

These cases were hardly disposed of before four other prisoners accused of the same offense were brought into court.

The committee was composed of silk manufacturers and boss dyers. They informed the Chief that they believed the police force inadequate to cope with the thousands of idle men and that at the first intimation of recurrence of trouble for interference they would call on the sheriff and have him swear in fifty deputies. deputies.

If the Sheriff is unable to put down the mob then they would call on the Governor for troops.

PATERSON, N. J., March 14.—Four of the ring leaders in the riot of yesterday were arrested this morning and sentenced by Justice Van Cleve to thirty days each in the City Jail. Warrants are out for four others of the striking weavers and dyers, and it is expected that more complaints will be lodged today, and either warrants or summonses issued.

The prisoners are August Muiler, a Frenchman; Guiseppe Britto and Guiseppe Tolo, Italians, and B. Von der Van, a Hollander. All are said to be Anarchists. These are the men who are accused of being directly responsible for the demonstrations of yesterday, when dys-shops were broken into, property destroyed, and workmen driven out by the mob. The prisoners were simply accused of disorderly conduct.

Justice Van Cleve, in pronouncing sentence, took occasion to deliver a lecture ostensibly to the prisoner, but actually for the benefit of the hundred or more of the same in Sutherland's actually holding on the morning of Sunday, Nov. 5.

He was approaching the bridge at Bond's mill, in that county, when the horse which he was riding took fright and leaped over an embankment thirty feet high into the river. As the horse went over he turned a complete somersault, throwing the rider headlong into the river.

The wonder is that both man and horse were not instantly killed. Mr. Sutherland received some severe bruises, especially about the lower limbs, but his injuries are not of a serious nature. The horse came out without a scratch.
